

Advanced Courses and Scientific Conferences 2012

Advanced Courses

Mathematical Models for Infectious Disease Dynamics

13–24 February

Malaria Experimental Genetics

4–10 March

Exome Sequencing

15–24 April

In Silico Systems Biology

23–27 April

Genomic Epidemiology in Africa

6–11 May (Blantyre, Malawi)

Virus Discovery in the Clinical Setting

13–18 May

Functional Genomics and Systems Biology

13–22 June

Practical Aspects of Small Molecule Drug Discovery

17–22 June

Human Genome Analysis: Genetic Analysis of Multifactorial Diseases

11–17 July

Protein Interactions and Networks

19–25 August

Design and Analysis of Genetic-based Association Studies

24–28 September

Next Generation Sequencing

8–16 October

Genetic Manipulation of ES Cells

5–18 November 2012

Workshops (UK and overseas)

Working with Pathogen Genomes

20–24 February (Bangkok, Thailand)

Working with the Human Genome Sequence

16–19 April (Montevideo, Uruguay)

14–16 May (Hinxton, UK)

Working with Parasite Database Resources

21–26 October

Proteomics Bioinformatics

5–9 November

Scientific Conferences

Perspectives in Clinical Proteomics

14–15 March (Conference)

15–17 March (Training Workshop)

Genomic Disorders 2012: The Genomics of Rare Diseases

21–24 March

Exploring Human Host-Microbiome Interactions in Health and Disease

8–10 May

Managing Mouse Colonies: Genetics, Breeding & Welfare

6–8 June

Genomic Epidemiology of Malaria 2012

10–13 June

Translational Genomics Pipeline: From Populations to Individuals

18–21 June

EBI-Wellcome Trust Summer School in Bioinformatics 2012

25–29 June

Sub-Nuclear Structures and Disease

28 June–1 July

Resources for Computational Drug Discovery

2–6 July

Molecular Neurology and Therapeutics

7–14 July

Drosophila Genetics and Genomics

12–20 August

The Leena Peltonen School of Human Genomics

19–23 August

Genome Informatics

6–9 September

The Genomics of Common Diseases

19–22 September (Bolger Center, MD, USA)

Infectious Disease Genomics and Global Health

1–3 October

Epigenomics of Common Diseases

12–15 October (Johns Hopkins University, MA, USA)

Rat Genomics and Models 2012

3–6 December

Biomarkers for Brain Disorders: Challenges and Opportunities

2–6 February 2013

Advanced Courses and Scientific Conferences are held at the Wellcome Trust Genome Campus, Hinxton, Cambridge – home to the world-famous Wellcome Trust Sanger Institute. For full details, please visit, www.wellcome.ac.uk/hinxton

The Wellcome Trust is a charity registered in England and Wales, no. 210183. Its sole trustee is The Wellcome Trust Limited, a company registered in England and Wales, no. 2711000 (whose registered office is at 215 Euston Road, London NW1 2BE, UK).
